

Honouring the Heart of Service

The Celebration of Partnership is an event dedicated to honouring the kindness and generosity of our volunteers, donors, and benefactors. At Good Shepherd Student Care, the girls devoted their time and effort weekly to prepare a dance performance, guided by a dance instructor. Each practice was filled with laughter and joy, but also focused on perfecting every aspect of their performance, including choreography, costumes, makeup and even hairstyles.

Throughout the preparation, the girls bonded with each other, forming closer relationships despite coming from different classes and levels. They created a cheer to uplift each other during the final days of rehearsals, and when someone struggled, they offered support and motivation.

The support and affirmation they showed each other during these practice sessions unexpectedly strengthened their bonds with love and kindness.
